Mr. Blackwell said last week Camp Atterbury signed a contract to pay for the entire Scada upgrade project. Camp Atterbury is also going to pay for most of our pumps to replace the variable frequency drives for the motors. This savings to Prince's Lakes is over \$300,000.00 and wanted to acknowledge Camp Atterbury for providing the funding.

Mr. Blackwell said he is still working with the adjuster on the generator to see if they will cover the claim.

The company came back to rebuild one of the clarifiers at the wastewater plant and it is in much better shape than anticipated.

Next week they will do a walk through to set up the shop at the new building and it will be 3-4 weeks before the office is set up. Mr. Blackwell also stated the new billing clerk has started on a new rate study to compare our rates to surrounding towns.

Town Attorney Lee Robbins stated there is one easement that the property owner agreed to sign and had the documents, but the husband passed away and Mr. Robbins has to send new documents. McFarland property owners have agreed to the easements in exchange to waive the connection fee and to be connected to the system. One property owner wanted 67% of the fair market value instead of 50% as the appraiser first valued the property. The amount is estimated \$66,000 to the property owners. Mr. Robbins asked if the Town wants to move forward with paying the property owners and recording the easements. Discussion was made about the easements. Discussion was made about moving forward with the 1.5 million gallon above ground storage tank. After discussion,

Marshal Southers would like for the League to return the keys and come before the Council in the spring to sign a new contract. Mr. Robbins stated since a Park Board was established, Parks and Recreation are under the jurisdiction of the Park Board. Discussion was made and Marshal Southers is going to contact the president of the League to have him return the key and come to a Council meeting to sign a new contract. The League will report to the Park Board and the Marshal to secure the keys to the bathrooms. Building Inspector Phil Montarsi told the Council that the door handles to the bathrooms at Robertson Shay Park are not ADA compliant and they need to be changed.
